

# ExtraHop

## FACT SHEET

ExtraHop is on a mission to stop advanced threats with security that can't be undermined, outsmarted, or compromised. Our Reveal(x) 360 platform helps organizations detect and respond to advanced threats--before they can compromise your business. We apply cloud scale AI to petabytes of traffic per day, performing line-rate decryption and behavioral analysis across all infrastructure, devices, and data-in-flight. With complete visibility from ExtraHop, organizations can detect malicious behavior, hunt advanced threats, and forensically investigate incidents with confidence.
